EXPLANATIONS

The following records of births, marriages and deaths include all entries to be found in the books of record kept by the town clerks; in the church records; in the returns made to the Salem Quarterly Court; in the cemetery inscriptions; and in private records found in family Bibles, etc. These records are printed in a condensed form in which every essential particular has been preserved. All duplication of the town clerks' record has been eliminated, but differences in entry and other explanatory matter appear in brackets. Parentheses are used when they occur in the original record; also to indicate the maiden name of a married woman.

When places other than Salisbury and Massachusetts are named in the original records, they are given in the printed copy. Marriages and intentions of marriage are printed under the names of both parties. Double-dating is used in the months of January, February and March, prior to 1752, whenever it appears in the original, and also, whenever from the sequence of entry in the original, the date may be easily determined. In all records the original spelling of names is followed, and in the alphabetical arrangement the various forms should be examined, as items about the same family may be found under different spellings.

As Salisbury and Amesbury have been so closely connected, both socially and geographically, it will be desirable to examine the records of both towns when making researches.

The town records from 1690 to 1743 are entered in the old Norfolk County Court book, formerly kept at Salisbury, but now at the Clerk of Courts office, Salem, and are here designated as records from the Norfolk County Court book.

SALISBURY

The town of Salisbury was established Oct. 7, 1640, from common land called Colechester.

June 2, 1641, bounds between "Salsberry & Pantucket, ali: Haverell" were established.

Oct. 19, 1654, bounds between Salisbury and Haverhill were established.

May 27, 1668, part of Salisbury was set off as the town of Amesbury.

March 15, 1844, part of Salisbury was annexed to Amesbury.

June 16, 1886, part of Salisbury was annexed to Amesbury.

The population of Salisbury at different periods was as follows:

1765,	1,329.	1810,	2,047.	1850,	3,100.
1776,	1,666.	1820,	2,006.	1890,	1,316.
